Director of Communications

6 May 1958

Director of Logistics

Letter of Appreciation

25X1A6D

1. The Office of Logistics conducted its second seminar
[redacted] on 24 and 25 April 1958

2. Most of the operating elements of the Agency were represented at our seminar and, due to the number of personnel involved, requirements were quite detailed. In addition, it was necessary that several major changes in plans be made at the last moment. However, in spite of the necessity for complicated arrangements, the support given by [redacted] personnel was superior in every way.
